

Center for Leadership & Educational Equity

Hawthorne Slice School Wide Session

Developed in the field by educators.

Please take the next 15 minutes to look for evidence in student work related to the following question. Write down examples of the evidence you find and be prepared to share what you find with other staff.

What evidence is there in student work that there are high expectations for all students while building on individual learning styles?

Center for Leadership & Educational Equity

Hawthorne Slice School Wide Session

Developed in the field by educators.

Please take the next 15 minutes to look for evidence in student work related to the following question. Write down examples of the evidence you find and be prepared to share what you find with other staff.

1. What evidence do we see of differences between boys and girls in the quality and effort of their work?

2. Where, when and how do these difference occur?
